

## Do you have questions about image analysis?

**Ask expert academic scientists.**

AIMday® Image is a meeting focused on making contacts between companies and academic researchers from some of Sweden's leading centers for image analysis. The meeting brings new perspectives to companies' challenges by matching these with academic expertise.

### What AIMday Image offers:

- Tailor-made discussions with academic researchers, using your questions as a starting point.
- Meet with academics who can contribute to solving your problems.
- Learn about the latest algorithms and methods available from some of Sweden's leading centers for image analysis.
- Explore new opportunities for product and business development through collaboration with academic researchers.
- Meet representatives from other companies.

**AIMday Image will be held in conjunction  
with SSBA 2013 on March 13 in Gothenburg.**

**AIMday Image** focuses upon companies' challenges and needs for new knowledge. The meeting is centered around workshops where questions raised by the companies are discussed together with academic scientists and experts from several different disciplines and universities. We welcome questions from both companies and public organizations. At AIMday Image 2012 we received questions from AstraZeneca, GE Healthcare, Combitech, Savantic, SKL and Innventia, among others.
