

Welcome to a WiSE seminar with India Morrison PhD, Researcher at the Institute of Clinical Neurophysiology at Gothenburg University and Lecturer in Cognitive Neuroscience at Högskolan in Skövde!

When?

Wednesday November 7th at 11-12 am

Where?

Gröna rummet, Gröna Stråket 11, 3rd floor

We will get inspired by Doc. Morrison's research projects and will also have the opportunity to discuss relevant topics for females in academia.

During the seminar we offer lunch. We would like your response by latest, Monday **November 5th**. Please send an email to Lisa Snäll snall.lisa@gmail.com stating your name, email and if you want to join for lunch.

We welcome all interested researchers in academia, so be WiSE and join us!

WiSE aims at creating a supportive network for young female researchers during their academic career. WiSE is a joint project between MedTech West and the department of Signals and Systems at Chalmers University of Technology. Join us on our Facebook page "Get WiSE" for more info on upcoming events!
